EAST GREENWICH is ideally situated at the head of Cowesett Bay, a beautiful body of water that forms part of the historic Narragansett. Twelve miles from Providence, the capital of Rhode Island, this attractive community offers you country, suburb, seashore, and year 'round home, all in one.

Although a large industrial city, Providence has few attractive suburbs. The places where you would choose to build and give your children the fresh air and happiness we all desire are limited, and are being rapidly acquired by home builders. Many are choosing EAST GREENWICH.
